

Highest grossing Auction of American Tackle On Record Lang's Spring Auctions Top \$770,000.00

(April, 2005) The Highlight of the Spring Auction was certainly Dave Hoover's Collection of Exceptional Lures & Boxes with many rare examples bringing far above high estimates. Also, the inclusion of a very large and diverse collection of high quality reels, an offering of Chautauqua fish decoys, quality rods and files and a larger than normal offering of duck decoys and hunting items added to the record-setting final results.
